

## **Announcement from the Board of Directors for Hospice Calgary RE: Appointment of our new Executive Director, Fiona McColl**

On behalf of the Board of Directors of Hospice Calgary, I am excited to announce the appointment of Fiona McColl as our permanent Executive Director effective immediately.

Fiona has a long history with Hospice Calgary; starting as a volunteer in 1996 and soon after became an employee. Fiona spent her early Hospice Calgary years working with the Child/Youth & Family Services team (now known as the Children's Grief Centre) as Intake Coordinator and Manager.

In 2004, Fiona left on maternity leave and then pursued other experiences in the community working as Director of Special Projects with JB Music Therapy, and then as Executive Director of KidZinc School Age Care. During this time, she continued to stay connected with Hospice Calgary, helping with statistics, writing newsletters, and participating in special events.

Fiona returned to Hospice Calgary as Senior Director of Operations in June 2011; she has played a significant leadership role in getting the organization to where it is today.

Fiona has the full support of the Board, leadership team, and co-workers, and is a familiar face to Hospice Calgary and Calgary's non-profit community.

The Board very much looks forward to working with Fiona in her new capacity.
